Token Information

Name: Crypto Living

Symbol: \$CL

Supply: 1,000,000,000(1B)

Introduction

In crypto living, we want you to move forward with a new concept. As you might be aware with non-fungible token (NFT) and metaverse, we would like to introduce some aspects for you. We believe in that universe, you need to have some luxuries with you and then you can progress authentically.

For instance, in crypto living, we are introducing visa card that can help you buy boarding tickets and rental properties. You see it is new. If you have a wallet on any exchange, you just have to link it with the website, transfer your dues immediately and then can buy the property using our website server. The transaction will be smooth and steady, and in no time, you can have a property at your name.

Methodology

Our Platform will connect your wallet with it our space. Now, you will be live in the space. In this space, you have the ability to buy any sort of specialty. And our most prominent feature, flight booking and rental properties.

As mentioned earlier, we are moving way too forward with technology and if you do not have a credit card with you, you do not need to worry. We have the space for you to buy and you can avail all offers with proper discounts.

Staking

Crypto Living provides an opportunity to receive \$Cryptoliving tokens through staking the Native token or LP tokens on each of the four networks

Binance Smart Chain \$Cryptoliving BBB/Cryptoliving LP-Tokens

Avalanche

\$Cryptoliving

AVAx/Cryptoliving LP-Tokens

Ethereum \$Cryptoliving ETH/Cryptoliving LP-Tokens

Fantom \$Cryptoliving TM/Cryptoliving LP-Tokens

Plan Of Attack

We'll start with intial development with website and early display of our apps and dapp

Then we move to our big partnerships of binance smart chain and visa Cards

Then we hire big Twitter, telegram and discord influencers to support this project

Community is very important to us as we have stated. We'll build strong community. Competition and giveaways are just some of our ways of saying thank you for your support and involvement.

Plan Of Attack

AMA's are essential for any enterprise, and we are no different than the rest when it comes to staying informed, reaching out and providing support.
